BEST Special X[®] Crop: 2022

BEST Special X® is a dark caramel malt that has undergone a short roasting. This develops a very intense, extraordinary flavor profile. At a maximum usage rate of 20%, a bright chestnut red to chestnut brown color is achieved in a P12 beer. Even in low grain bill proportions, the malt is excellent for supporting the

overall body of dark beers and makes the taste experience more complex and interesting.

Flavor: Dried fruit, chocolate

The below mentioned figures are subject to harvest-specific variations. All analysis are performed by independent, certified laboratories according to MEBAK "Brew-Technical Analysis Methods".
